

# 5 YEAR WARRANTY ON VINYL

---

**WARRANTS THAT VINYL WILL NOT BUBBLE, PEEL OR FADE FOR THE TIME OF 5 YEARS FROM DATE OF PURCHASE**

## **Congratulations on your new Factory Stripes.**

Stripes should be cared for the same way as your paint.

- They can be waxed for added protection.
- Make sure the wax says that it is vinyl graphic safe. Most waxes or paint care products without abrasives are safe.
- Always **rub with the stripe, not against or across.**
- **Never aim a high pressure washer or air nozzle close to or directly at your stripe.**
- Remember, **if it can hurt your paint or skin, it can hurt your stripe.**
- **Please allow 3-5 days for drying time.**
